

Historic Neighbourhoods Strategy Committee to host workshops

The Historic Neighbourhoods Strategy Committee will host network-visioning workshops at the Southshore Community Centre on Feb. 17 at 6:30 p.m. and Feb. 20 at 1 p.m.

The workshops will give residents a chance to participate in the development of an historic neighbourhoods strategy. When complete, the strategy will include a list of actions the residents feel are important to the livability and sustainability of the community.

Residents are also being asked to complete an online survey, at www.hns.barrie.ca. For more information, visit www.hns.barrie.ca.
